OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

REPUBLICAN TICKET

BEN L. BRUNER, Louisville.
For Congressman
TRUMBO SNEDEGAR, Bath County.

T OHEROE'S MOTHERS

(From the Woodford County Journal
Eureka, Ill.)

Jennie Gillum, who is doing Y. M. C. A. work in a leave area in Southern France, writes: "I think the song the boys love most of all is 'Mother Machree.' How they sing it; and they are not afraid to let you understand what they are thinking as they sing. And it would almost break your heart to hear them sing 'There's a long trail a-winding into the land of my dreams.' I sometimes don't see how they can sing it. I wish I could tell you about our boys. You see, these are boys who've been over a long, long time; who've seen and known. I cannot or may not tell you the number here—but very many. Their experience is a broadening and deepening one—they are being refined and enabled. Boys of 20 are thinking and saying things that we older people have never grasped. And the lives they are leading—I think they are almost all fine and pure. This is not sentiment; I have observed and watched and listened, and I tell you they are making the name 'American' beloved and honored everywhere. One thing I notice, they are always playing with the little children in the streets; and the people love them. I wish I could send a message to every mother who has a boy here. I should like to tell her not to fear—but always to believe that if her boy was good and pure at home he is good and pure here. In fact, I believe that many who were not good are changing here. I do believe this. They all love to talk about their mothers and sisters; and they all love to pull out the home pictures, and the first one they show is always 'mother.' So tell some of these things to anxious mothers. Some of the other things that were told were German propaganda, and an insult to our young manhood. All day I've been on this

mountain trip with about 50 boys—not picked boys—just the rank and file—and I've heard not one word their mothers could not have heard. Isn't it wonderful and isn't it beautiful? And then, too, they are bright and happy, and boyish—but they are thinking."

DIGS UP MONEY, 40 YEARS OLD, IN WAR GARDEN

Denver, Col.—When the spade of Henry A. Butler gas back a ringing sound as he was digging in his war garden at Georgetown he experienced all the thrills of a youngster who uproots his mother tomato plants while exploring for the famous pirates' gold. The treasure was real, too — five bank notes of the series of 1880, buried deep into a rusty old tin can, the bills nearly destroyed by the accumulation of rust which had eaten into them. There were four \$10 bills and one \$5 bill. Two of them were on old Union bank of Denver. Butler turned his find over to Secret Service Operative R. K. Goddard, who sent the bills to the treasury department at Washington to be redeemed. Yesterday the money came back—four brand new \$10 notes and one for \$5.

BOUNDS FLUSH COVEY OF TEN MEN SHOOTING CRAPS

Crystal Springs, Mass.—R. L. Grant, while strolling with his blood-hounds Sunday afternoon, flushed a "covey" of ten crap shooters behind the Chautauqua hills, one mile from town and marched them to the office of Judge Slay. A charge of "gaming" was lodged against them. Most of the gamblers offered to plead guilty.

BEWARE OF SPANISH INFLUENZA

It is caught by breathing a germ into the nose or mouth. Sterilize kills germs and prevents disease. Sold by MRS. GEO. SHIPLEY, 503 East Second Street.

TO OUR CLIENTS AND FRIENDS

The Bank of Maysville takes this opportunity to extend its thanks to its customers and friends whose hearty response to our country's appeal enabled this bank to exceed its quota of \$201,300 by the sum of \$90,500 of the Fourth Liberty Loan, making the total amount of subscriptions received through this bank of \$291,800.

The same spirit of practical, unqualified devotion in which our men are so finely doing their task over there, made possible successful performance of the duty "over here" of putting the Fourth Liberty Loan "over the top."

With appreciation of this spirit of American achievement we, again thank all who have so splendidly co-operated with this bank in contributing to the success of the Fourth Liberty Loan.

MAYSVILLE, KY.

DON'T WASTE PUMPKINS DURING HALLOWEEN

Save All the Food Possible, As It Is Badly Needed.

Louisville, October 30—"It is not necessary to waste pumpkins, apples, or any other food in order to have a gloriously good time on Halloween," Mrs. Morris Gifford, State Conservation Chairman of the Food Administration, said today.

Mrs. Gifford is deeply interested in saving food at all times—in fact, aside from Major Morris Gifford, who wears the uniform in his country, it is about her only interest in life, just now.

"How we used to waste food at Halloween parties before the war," Mrs. Gifford mused as she finished dictating a letter to one stenographer and another moved up to take notes on a second epistle to a county conservation chairman.

"We scooped out pumpkins to use the rinds for lanterns, and then wasted the rest. We threw away the nut shells which now we save for gas mask carbon. We peeled apples to see what mystic letters the peeling would make when thrown over the left shoulder. All of which are horrifying practices to us now in the days of food conservation."

"At this 1918 Halloween we MUST not use food for decoration or amusement. We will have some fun, and have nuts and raisins to eat. "But, after all, it's time for pumpkins, and even though we do not use them for lanterns we can keep up the American liking for pumpkin pie and have it without a qualm of conscience."

Mrs. Gifford then gave a pumpkin pie receipt which she said followed conservation rules exactly. It follows:

- 2 cups pumpkin (cooked and strained)
 - 1/2 cup molasses or sorghum.
 - 1 teaspoon cinnamon
 - 1/2 teaspoon ginger.
 - 1/2 teaspoon salt.
 - 2 eggs.
 - 2 cups milk.
- Mix the pumpkin with the molasses and seasoning. Add beaten eggs and milk; bake in a pastry line pieplate until firm.
- Conservation Crust—
- 1 1/2 cups wheat or rye flour.
 - 1 1/2 cup barley or corn flour.
 - 1/4 to 1/2 cup of fat.
- Water to make stiff dough.
- 1/2 teaspoon salt.

Sift flour and salt together. Cut the fat into the flour mixture. Add water, mixing and handling as little as possible. Wheat substitutes need a little more water than all wheat flour. Chill until ready to roll out. "Pumpkin pie, with pie and crust made according to these recipes, will bring more good luck than anything I know of," Mrs. Gifford said. "Anyway, whoever destroys a good pumpkin this Halloween or whoever in making pumpkin pie wastes wheat flour, lard or sugar, will have a guilty conscience, and ought to have indignation."

MR. LONGEST IS LONGEST MAN IN TRAINING CAMP

Wiggins, Miss.—"Longest" is no misnomer in the case of Prof. H. P. Longest, principal of the Magnolia Consolidated school, near here. The army has refused to accept Prof. Longest as a soldier, because he is too tall. Examining medical officers at Camp Shelby, where Prof. Longest arrived recently, found him to be 6 feet and inches tall, the tallest man yet received at the camp.

BACKACHE IS A WARNING

Maysville People Should Not Neglect Their Kidneys.

Backache is often nature's most frequent signal of weakened kidneys. To cure the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Read Maysville testimony.

Mrs. E. Sphar, E. Second and Walnut Sts., says: "I have never seen Doan's Kidney Pills fail to help anyone complaining of the kidneys. I have been greatly benefited by them myself. At times my back has ached and I have suffered from lameness through the small of my back. When I have been in that way, I have used a box or so of Doan's Kidney Pills, which I procured at Chansior's Drug Store. They have always quickly removed the trouble."

Mrs. Sphar is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Sphar had—the remedy backed by home testimony. 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

OLD BOOK TELLS HOW THEY FED FIGHTERS OF '76

Gen. Washington's Menu During Revolution Had No Sugar.

Washington, D. C.—Among the George Washington records at the congressional library is the old account book of Caleb Gibbs, who bought the supplies for Washington's staff all through the seven years of the revolutionary war. Its pages are yellow and the ink is faded, but the old hero's records are still clear, and it is interesting to see what the fighters of these days ate.

The book began in April, 1776, when Washington's headquarters were in New York City on Pearl street, opposite Cedar. At this time the war had not yet affected prices to any extent. The first purchases on April 10 were seven pounds of beef at sixpence a pound; one tongue at 3 shillings; four pounds of butter at 1 shilling sixpence a pound; salad and celery, 1 shilling; six birds, 1 shilling, and a shilling's worth of potatoes. There was no sugar at all.

There was not much variety in the war diet of 1776. On page after page five find beef, cabbage, salt, eggs, milk butter, asparagus, bacon, nuts, cider. Asparagus, cabbage and potatoes, and occasionally cucumbers, are the only vegetables mentioned.

There were some of the same food problems then as we have now. Transportation was the cause of shortages, just as it often is today, but then it was the ox teams that broke down as they dragged along the country roads or were blacked my military transport.

In the first part of the revolution the states were taxed to provide money for feeding the army, but later they were required to send the food itself instead of money. It was then that things were at the lowest ebb for the continental armies.

Drink Milk---Eat Milk

It's the perfect food. And it's the cheapest food. It's nature's food. One quart of milk is equal in food value to eight eggs, or three-quarter pound of steak. Eight eggs at present cost 32 cents. The finished steak cost at least 28 cents. But a quart of milk does not cost 32 or 28 cents. It costs a good deal less than that.

The United States Food Administration says: "A quart of milk a day for every child, if possible, a pint without fail; a third of a quart for each adult."

Think it over and ask for Pasteurized milk. Its safe to use.

MINERVA'S BIGGEST EVENT THIS YEAR

**We Invite You and Mother and the Kids to
Come and Bring Your Lunch and Spend
the Day With Us Next SATURDAY at
Rhodes Bros. Farm, 2 Miles From
Washington, Murphysville Pike**

We are going to have an old-fashioned, get-together jollification meeting and make it the most interesting, instructive, enjoyable day you ever spent. You have heard of the aeroplanes flying over Cincinnati, dropping messages from Washington all over the streets. You have heard of the racing automobile that could go from Maysville to Cincinnati in 32 minutes. You have heard about the gun that shoots 75 miles—the wireless telegraph that made it possible for a ship out in the middle of the ocean to pick up a "German note."

Now comes another invention just as marvelous—the MOLINE TRACTOR—the wonderful power farming machine that the United States Government needs as much as its army—because the army must be fed. You farmers, therefore, are the world's most important citizens. Without your co-operation and energy—the nation would soon crumble. Yours, therefore, is a tremendous responsibility. The MOLINE tractor is the greatest aid that a farmer could possibly have.

Do you know—can you picture—is it possible for you to imagine what a MOLINE tractor will do on a farm in one day—operated by one man—and not a horse on the place? Just read and THINK

MOLINE

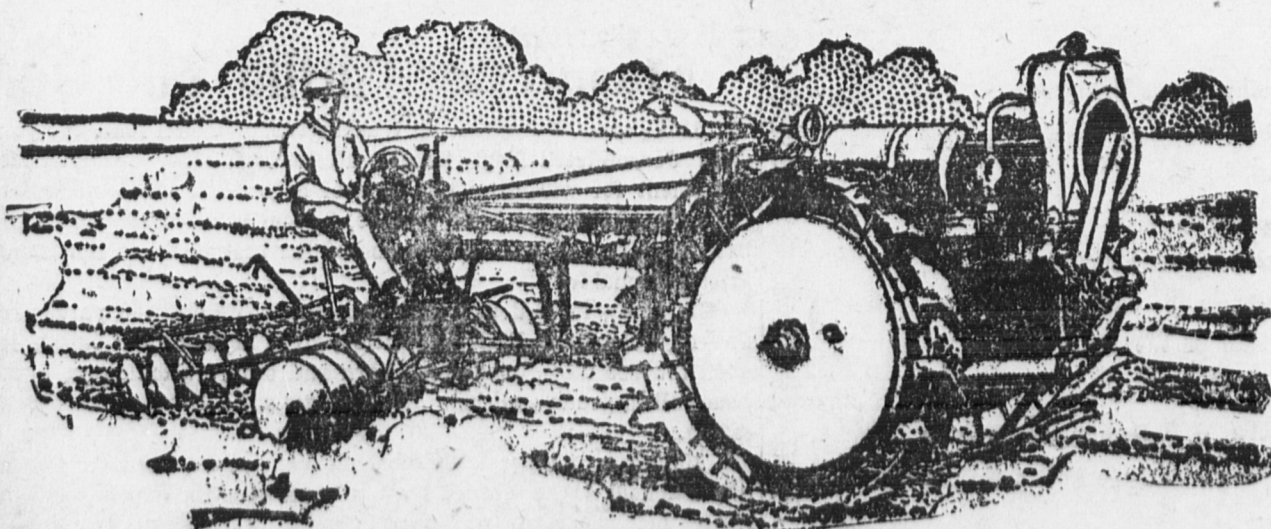

MUNIVERSAL TRACTOR

It Solves The Farm Help Problem

The MOLINE tractor in one day, operated by one man, plows 7 to 9 acres, discs 27 acres with a 7-ft. tandem disc; disc 38 acres with a 20-ft. disc; harrows 76 acres with a 20-ft. peg tooth harrow; plants 22 acres with a two-row planter; plants 43 acres with a four-row planter; cultivates from 14 to 20 acres with a two-row cultivator; drills 35 acres with a 10-ft. grain drill; harvests 25 acres with an 8-ft. grain binder; harvests 10 acres with a corn binder; mows 25 acres with an 8-ft. mower; rakes 25 acres with an 8-ft. side delivery rake; loads 12 acres of hay.

Now, it has been said that the Mason County farmers are the smartest, liveliest, most up-to-date and wide awake in the entire state of Kentucky. We are proud of that reputation—we want to hold it—we want the greatest outpouring of farmers on next Saturday to see the demonstration of the MOLINE tractor that Mason County has had in years. Think of it. We are going to take this wonderful power machine that drives like an automobile and make it show off all its tricks—just like a trained lion in the circus. We are going to make it plow, disc, harrow, plant, cultivate, drill, harvest, mow, rake, load and do everything else to astound you and make you rub your eyes. We are going to let you, yourself, climb up in the seat of the tractor and take a little spin around the field. We are going to make you absolutely sorry and sad that you have wasted all that time and done all that hard work all those years, with a HORSE-drawn plow, etc. We will show you that this MOLINE tractor not only can do the work of 6 horses and 6 men, but that it can do stunts impossible for a horse to do. Now here is your opportunity to see this wonderful machine in action—and you know you owe yourself and the family a little rest and recreation. Do not let anything short of the Spanish Influenza keep you away. Remember the date—next Saturday NOVEMBER 2nd—and the place—RHODES BROTHERS' FARM—JUST 2 MILES FROM WASHINGTON—ON THE MURPHYSVILLE PIKE.

Start making your plans today to come. You will meet your friends and neighbors and see sights you will never forget.

**The Moline Has
Improved Features
Not Possessed
By a Tractor of
Any Other Make.**

The MOLINE is the only tractor with electric lights and self-starter—that cultivates the seed in the soil—reverses and goes around a stump—cultivates 2 rows at a time—with the seat behind and the work ahead—no working parts exposed to dust and grit—that can be turned in a 16-foot circle and steers like an automobile—that starts and finishes a field without a horse—equipped with electric governor used for belting work—has device to lock differential to guarantee perfect traction in soft ground—that has radiator that will not heat up. All of these improvements being necessary and exclusive to the MOLINE—no other Tractor could possibly be as good as the MOLINE.

DON'T WAIT TO BE DRAFTED

Volunteer as Patriots for Government Work!
Carpenters 60c Per Hour
Laborers 35c Per Hour
LODGING FREE

THE GOVERNMENT AT WASHINGTON HAS CALLED UPON THE CITIZENS OF KENTUCKY AT ONCE TO FURNISH THE MEN TO BUILD—OR LOSE FROM THE STATE ENTIRELY—THE WONDERFUL CAMP HENRY KNOX, AT STITHTON, DESIGN-ED TO BE THE GREATEST ARTILLERY TRAINING CAMP IN THE UNITED STATES.

THE CREDIT AND GOOD NAME OF THE COMMONWEALTH OF KENTUCKY MUST BE UPHELD. AND THE STATE MUST NOT LOSE THIS GREAT PLANT, CALLING FOR AN INVESTMENT ON THE PART OF THE UNITED GOVERNMENT OF FROM \$15,000,000 TO \$20,000,000.

UP TO THIS TIME THE WORK HAS LAGGED FOR WANT OF MEN. IT IS NOW UP TO THE MEN OF KENTUCKY TO VOLUNTEER, OR BE FORCED TO DO SO LATER ON. THERE IS NO MIDDLE CURSE.

10,000 WORKMEN MUST COME FORWARD!

CARPENTERS AND LABORERS

Wages are high and are fixed by the Government. Carpenters 60 cents an hour. Laborers 35 cents an hour. Carpenters and laborers work ten hours each day, receiving pay for eleven hours. Saturday afternoon and Sunday work (not compulsory) double pay for carpenters; time and a half for laborers.

Free sleeping quarters provided with new cots and blankets. Meals 30 cents each. Transportation free to laborers and charges are advanced to carpenters from any point in the State.

SANITARY CONDITIONS ARE OF THE BEST.

Camp Knox was selected for a permanent site because it is located on the highest point of land on the Illinois Central between Louisville and New Orleans. Camp Knox has one of the best health records in the country.

PATRIOTIC WOMEN OF KENTUCKY

See to it that every able-bodied man in the State, not engaged in other War Industries, volunteers his service at high pay, to help get this great permanent Kentucky camp ready for the brave boys of this Commonwealth and other States, now billeted in tents at Camp Taylor and West Point, so they will not have to suffer the privations of General Washington and the Continental Army at Valley Forge.

If it is not your own son who must be housed at Camp Knox this winter, it is the boy of some other mother—all of them training to protect our Liberty in the great fight for Freedom.

Provide men do not volunteer for this well-paid and necessary patriotic work, it is the duty of every loyal Kentucky woman to report them to the nearest United States Employment Service, just as they would a Hun Spy or an Army Slacker.

Show them their Duty!
Make them Volunteer!
Take their Places!

CAMP KNOX MUST BE READY DECEMBER 1.

Before cold weather sets in, barracks at Camp Knox to shelter not less than 30,000 Army Boys, and stables for at least 15,000 animals must be completed. This is imperative.

Full-blooded Kentucky co-operation can complete quarters for not less than 50,000 soldiers and 30,000 animals in that time, if all work together. It is a man-sized job, all right, even for Kentuckians, but it can be done, as Kentuckians never fail in what they undertake.

This space is donated for patriotic purposes by the following members of the Maysville Bar—

FEDERAL JUDGE A. M. J. COCHRAN.
U. S. DISTRICT ATTORNEY THOMAS D. SLATTERY.
E. L. WORTHINGTON.
COUNTY JUDGE H. P. PURNELL.
J. M. COLLINS.
W. D. COCHRAN.
FRANK P. O'DONNELL.
LEWRIGHT BROWNING.
ALLEN D. COLE.
STANLEY F. REED.
H. W. COLE.
ROY COCHRAN.
JOHN M. CALHOUN.
W. H. REES.
CHARLES L. DALY.

NOTE—If Merchants will post this in display windows they will render our Government a splendid service.

The fair name of the old Commonwealth—the Fourteenth State to be admitted in the Union—is at stake in the National Capital and before the Country at large.

EMPLOYERS—NOTICE—IMPORTANT.

If your work is non-essential, give up some of your men at once and advise them to go to Camp Knox. If the call for Volunteers is not heeded you may be required to shut down completely. We do not wish to do this by compulsion.

This is no time for shilly-shallying. We must have ACTION. The work is Vital. It is Imperative.

Be a Volunteer and Go at Once!

MEN, MEN AND MORE MEN TO SAVE KENTUCKY!

This is an EMERGENCY necessitating drastic action if the call for volunteers is not heeded.

When the order came from Washington telling what Kentucky had to do to save Camp Knox for the State, Federal Director Pratt Dale, of the United States Employment Service for Kentucky, immediately held a War Council of affiliated interests composed of Major W. H. Radcliffe, Constructing Quartermaster at Stithton; John Griffith & Son Company, builders of Camp Knox for the Government, and O. L. Taylor, District Organizer of Kentucky, United States Public Service Reserve; Edward W. Hines, State Chairman, State Council of Defense. Determined action was decided on. All Government agencies will be invoked to secure the necessary men.

Let the word go out broadcast of Kentucky's need of men in this greatest of humanitarian war works—housing our soldiers.

Let it go out at once.

Preach it from the Pulpit.

Organize the Workers at once—and report them to your nearest United States Employment Service or to your County Chairman, United States Public Service Reserve.

IT CAN BE DONE WITH YOUR HELP

Georgia furnished 5,000 men to save its peach acid plant—raised them in two weeks. Kentucky can do even better.

Major Radcliffe says: "Every nail you drive, every brick you lay, every bit of real work done, will add to the growing load around the Kaiser's neck. The war won't wait!"

Men and Women of Kentucky—Do your duty for your Country and your Commonwealth and help us to Protect YOUR Boys.

"ON YOUR GUARD"

The Chamber of Commerce received a number of placards a few days ago from the Fifth Avenue Merchants' Association of New York which they had distributed to the stores throughout the city. These placards are intended to help the Government in keeping desirable information from the enemies.

The card bears the following appeal: "Please refrain, when in public places, or before strangers, from any remarks of a nature to weaken patriotic energy and confidence in our leaders and in our Allies, or from statements regarding the number or movement of our troops, the work in munition plants, etc. Information overheard may be reported where it can give aid or comfort to our enemies."

Mr. Pickett Boulden and family have moved from corner of Lexington and Second streets to the property vacated by Mr. Frank Devine on East Second street.

A letter received here by a friend announced Mrs. L. M. Cavendish's condition as improving. She has been seriously ill in Cincinnati the past several days.

Mrs. W. S. Stephens and Mrs. Charles Hutchens of Peru, Ind., were the guests of Mrs. Bettie Trisler, of Eastland last week.

Catarrh Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.
